HISTORICAL.

For many years it had been the earnest desire of the Reverend Clergy and the Catholic Laity of Vermont to have, within the State, an Institution for higher learning, which would afford her young men the opportunity of a College Course near at home and of an Education thoroughly Catholic. The Fathers of St. Edmund, who had been laboring in the Diocese of Burlington for some years, were ready to take up the work of teaching, and in September, 1904, St. Michael's College began its career on the feast of the great Archangel, with the paternal blessing of the late lamented Bishop Michaud and the encouragement of a large body of the Clergy.

Patronized by the Catholics of Vermont and of the neighboring States, the new Institution thrived so well that in 1907 an addition, doubling the capacity of the original building, was erected. The blessing took place on March 2nd, 1908, in the presence of a large and friendly gathering of priests.

On January 28th, 1913, St. Michael's College was incorporated by an Act of the Legislature of the State of Vermont and empowered to grant the usual College Degrees. The following is an extract from the Act of Incorporation:

"It is hereby enacted by the General Assembly of the State of Vermont:

SECTION 1. Ernest M. Salmon, Daniel J. O'Sullivan, John F. Audet, Theophilus M. Aubin, Eugene Alliot, William Jean-Marie, and Victor Nicolle, their associates and successors, are hereby created a body corporate and politic by the name of St. Michael's College, for the purpose of maintaining instruction in the various branches of learning generally taught in Colleges,

and as such shall have perpetual succession, may sue and be sued; may plead and be impleaded; may have a common seal and alter the same at pleasure; may take and hold, by gift, grant, devise, bequest, or otherwise, real and personal estate, and shall have all other rights and powers of corporations.

SEC. 3. Said Trustees may elect a President, Secretary, Treasurer, Professors, Instructors, and any other necessary officers, and prescribe their duties and tenure of office, and may confer such honors and degrees as are usually given in Colleges."

ST. EDMUND'S HALL AND ADJOINING SCENERY.

LOCATION AND BUILDINGS.

St. Michael's College is situated at Winooski Park, Vt. It may be reached by trolley from either Burlington or Essex Junction.

The buildings stand on high ground, not far from the village of Winooski, close to Fanny Allen Hospital and Fort Ethan Allen. The site is particularly delightful, as the College overlooks the beautiful valley of the Winooski River, and commands a fine view of Mount Mansfield to the east, of Lake Champlain and of the Adirondacks to the west.

A farm is connected with the College, thus providing fresh and wholesome supplies. Five acres of pine grove enhance the beauty and usefulness of the location.

Pure air, thorough drainage, and extensive grounds for recreation are advantages which could not easily be obtained in a city and which make St. Michael's College an ideal place for young men.

Moreover, its location at some distance from the dissipation and dangers of city life, gives St. Michael's College an advantage which solicitous parents will appreciate.

Care has been taken to keep the buildings well lighted and heated, and to have all the rooms cheerful and properly ventilated. A new fireproof building contains bathrooms, lavatories, showers, latest devices in sanitation. In fact nothing that could promote health and comfort has been neglected.

A large property standing in well wooded grounds of some six acres in extent and known by the name of St. Edmund's Hall faces the main building, it being about a hundred yards across the Park, and forming a quiet and convenient residence for part of the Faculty.

Remarks.

Accounts are payable *half-yearly, strictly in advance*. If payment is deferred without satisfactory understanding with the Rev. Superior, interest is added and the student may be discharged from the Institution.

Monthly remittance may be allowed upon application but *no discount on semester charges* is made on account of absence or departure except in case of sickness.

Athletic and Library fees are payable by each student at the beginning of every year.

Students who wish to remain at the College during the Christmas and Easter Holidays are to pay one dollar a day.

Books and class supplies are charged to the students. Some books may be rented.

Boarders are required to furnish their own towels and napkins, as well as a complete set of toilet articles. Every one should have, on entering, at least two suits of clothing, one for daily wear, and one for Sundays. It is also desirable that students bring with them two pairs of shoes, a pair of rubbers, one overcoat and a sufficient number of shirts, underwear, socks or stockings, handkerchiefs, etc. All linen should be marked with the student's name.

There is a limited number of private rooms, exclusively reserved for students in the Collegiate Department. Early application is desirable.

Physician's fees and medical expenses must be paid by the students.

Students are expected to pay for any damage done through their negligence to the furniture or other property.

No advance of money for clothing or other expenses is made by the Treasurer unless a sum for that purpose is deposited with him.

The College does not assume the responsibility for money, or any object at the pupil's disposal, unless deposited with the Treasurer; or for any article lost through fire or any other accident.

The parents are requested to entrust the Treasurer or one of the teachers with any money intended for the personal use of their children. No money will be advanced for this purpose, as we prefer to leave the matter entirely and directly between the parents or guardians and the students.

No student shall be granted any Degree, Diploma or Credit, whose financial obligations towards the College have not been fulfilled.

REGULATIONS.

Government.

Education means more than profane knowledge and intellectual development. There is no real training but what aims at elevating the heart and strengthening the will. Special attention is therefore given to the formation of character; and in a school where priests and students live in daily contact, no one can wonder that a closer supervision is exercised than is usual in secular institutions. However, harsh treatment and unpleasant relations between instructors and pupils are carefully avoided. The means of education employed are to prevent a fault rather than to repress it, to unite firmness with kindness, to appeal to the noble sentiments of the heart, and especially to the student's faith and conscience. It is only when such motives fail that punishment is resorted to.

Religious Obligations.

Christian Doctrine is one of the prescribed and most important studies; moreover every care is taken to instil in the student's mind a real Catholic spirit and genuine piety. All are requested to approach the Sacraments at least once a month. Daily Mass, Meditation and Spiritual Reading are essential features of the regulations of the school.

Order and Discipline.

The College constitutes a large family, and each of its members is expected to do his full duty and to observe the rules laid down for his guidance. These rules are explained to the student when he arrives at St. Michael's.

The morning recitation periods are from 8.30 to 11.50 A. M., and from 2.00 to 4.00 P. M.

The students are requested to be regular and punctual in their attendance.

If for any reason a pupil is absent from an exercise he must notify, as soon as possible, the teacher who presides. Whenever illness or other serious reason prevents day scholars from attending class, a note should be sent by the parents or guardians.

Students shall not be absent except for urgent reasons; permission, therefore, is granted to students only on the written request made by the parents or guardians to the Rev. Superior. Such requests should be rare, since nothing can be more detrimental to the pupil's progress or annoying to the teachers, than interruption of studies.

Visits of parents are welcome every day during recreation time and Sunday, Wednesday and Saturday in the afternoon.

Letters, books and packages are liable to inspection on their arrival and departure; they must be prepaid. No book or pamphlet may be circulated in the School without the approbation of the Rev. Superior.

The use of tobacco is forbidden, except to such students as have received a written permission from their parents. Under no consideration are cigarettes tolerated in the Institution.

Students are expected to be courteous and respectful under all circumstances to their professors and all with whom they have intercourse. When a student thinks he is wrongly reprimanded, he may, after the exercise, politely come to an explanation, but he should never undertake to justify himself for the time being.

Suspension or expulsion are resorted to for such offences as are judged detrimental to the good name and management of the School.

Holidays.

The customs and manners of polite society are required everywhere, but can never be shown to greater advantage than outside the College. The students should therefore, when they are allowed to leave the grounds, see that everything in their dress, language and manners always bespeak the high moral standard of education which their teachers strive to attain. And any misbehavior shall be severely reprimanded.

The ordinary holidays are Sundays and Feast Days of obligation, as designated in Calendar. One afternoon each week is given for recreation and outdoor exercises.

Leaves of absence and special permissions are granted according to Rules, on Sundays and holidays, to students whose standing is satisfactory.

Students are requested to report to the Prefect of Discipline when returning from a leave of absence.

Students who wish to remain at the College during the Christmas and Easter Holidays are to pay one dollar a day.

Reports and Examinations.

Every Saturday the marks merited during the preceding week for lessons, tasks, and conduct, are read. The notes are indicated as follows:

85-100	Very good
70-85	Fairly good
Below 60	Deficient

Every month, in presence of the Faculty and students, the Rev. Superior proclaims the standing of the students in their respective classes. An average of 85 or above entitles to a Testimonial of the First Order; an average between 70 and 84 entitles to a Testimonial of the Second Order.

There are two general examinations during the year, the mid-year examination at the end of January, and the final ex-

PHYSICAL TRAINING CLASS.

amination immediately before the summer vacation. Moreover, every month the professors of each class make an oral or written test of their pupils' skill and proficiency, the result of which is given at the reading of the monthly reports and is taken into account at the semi-annual examination.

Those who fail in a regular examination are granted another at a date to be appointed by the Rev. Prefect of Studies. A fee is charged for each subject of re-examination.

A report of scholarship and deportment is sent to the parents or guardians after the semi-annual examinations. Should any one fail to receive such report, he will kindly notify the Prefect of Studies.

Class Honors.

Prizes and honors are awarded at the Commencement to deserving students for proficiency in studies, application and conduct.

Attendance at the College for at least one year, faithfulness in reporting at the appointed time after vacation, satisfactory standing in all the subjects of the class are required for the competition for prizes and honors.

SCHOLARSHIPS.

Friends of the cause of Catholic education, knowing that without endowments and without State contribution St. Michael's could not depend solely on the fees of the students, have urged us to appeal to Christian charity. Moreover, many a young man in our Catholic families has been blessed with spiritual and intellectual gifts, but for lack of this world's goods is denied the benefit of a higher education.

It is in behalf of such deserving young men that we take leave to remind charitable and high-minded Catholics of our needs.

Already the Fathers of St. Edmund have in past years established several scholarships for the benefit of those who propose to consecrate themselves to the work of the Church in their Society. Also, to further the cause of the Parochial Schools, five scholarships have already been established in favor of pupils recommended by their pastors and teachers.

The Catholic Order of Foresters in the State of Vermont, through the kindness of the Right Reverend Bishop, have instituted a scholarship for a High School graduate who wishes to labor in the ranks of the Diocesan Clergy of Burlington.

Applicants are requested to communicate with the Superior, regarding the conditions on which these scholarships are awarded.

ADMISSION.

Pupils from any school or academy, public or parochial, are received at St. Michael's College. Although students may enter at any time it is highly important that all be present for the reopening, as the regular class work begins at once.

Any candidate for admission, who is not personally known to some one connected with the College, must furnish testimonials of good moral character.

Students are admitted to such classes as their previous standing warrants, and as is shown either by a successful examination or by certification from schools of established reputation. In all cases applicants should obtain from the schools previously attended a certified and detailed statement of the studies pursued and of their standing in each subject.

Entrance Requirements are indicated under "Preparatory School" and "College Courses," respectively.

COURSE OF STUDIES.

The curriculum of the *Preparatory School* or *Academic Department* covers the subjects usually taught in High Schools. The Classical Course is preparatory to College, Law, Medicine, and other liberal studies. The Commercial Course is intended to give young men a general education and a thorough training in the methods of business.

The Academic Diploma shall be awarded to such students as have successfully completed a four year course in the Academic Department. The Commercial Diploma is granted to those having successfully completed the three years' Commercial Course.

Certificates of proficiency in special branches may be granted at the end of either of the above courses.

The *Collegiate Course* is intended to give a thorough liberal education. The importance of such a course will be fully appreciated by all who believe in higher education and sound philosophy as most necessary foundations for making any professional study a success.

The degree of Bachelor of Arts (A. B.) is conferred upon those who successfully complete the college course.

St. Michael's College Athletic Association.

The Faculty has not overlooked the importance of Athletics, being aware that they play a considerable part in the physical and moral training of students. Extensive grounds afford ample opportunity for all to take part in Athletics: there is a football grid-iron, a skating rink, baseball diamonds, tennis courts and a hall for basketball. The fee for Athletics, payable by each student at the beginning of the year, entitles him to full membership in the Association.

The supervision of Athletics is in the hands of a member of the Faculty.
